Guidance for Auxiliary Program Goals

Each Auxiliary program has specific goals. How your team reaches them is entirely up to your creativity, innovation, and out-of-the-box thinking.

When your Auxiliary accomplishes something exceptional—something unique, groundbreaking, or qualifying for a **National Citation**—please email the details to the respective program chair.

When you're promoting your activities on social media, don't forget to use the appropriate **program hashtag** to help spread the word and inspire others!
