

VETERANS OF FOREIGN WARS AUXILIARY #

[NAME]
[TITLE]
[SCHOOL]
[ADDRESS]

Dear [NAME],

The Veterans of Foreign Wars Auxiliary is passionate about patriotism and flag education. We believe a strong country is made of strong patriots who understand the symbols of our country and pay proper respect to those symbols in certain situations.

One of those situations is during the national anthem at sporting events. We firmly believe that many athletes are leaders in their schools, communities and someday, perhaps, nationally. Athletes can learn early that those few minutes before a sporting event during the singing of the national anthem are a time to be leaders and show proper respect for the U.S. Flag by removing head gear, placing their right hand over their heart and either singing with the music or standing at attention.

I would be happy to come speak with your team(s), demonstrate the proper actions and even have a veteran come speak to them about what it means to them, having put their life on the line for our country.

Please let me know if we can set up a time to speak further or to address your sports team(s).

Thank you for your investment in our youth, the leaders of tomorrow. Your daily work with them will make our country great in the future, and we thank you.

Respectfully,

[SIGNATURE]
